## Health, Safety & Environment Policy Statement

Al Mouj, Muscat is dedicated to protecting public health and the quality of the environment, and the health and safety of our employees, our customers, our neighbours and the Oman Community:

- By complying with the laws of the Sultanate of Oman
- By holding every employee responsible for implementing our safety practices and our corporate safety policy and empowering them to stop any unsafe act or work;
- By developing and selling only those products which can be constructed and used safely when appropriate work practices are followed;
- By developing and using innovative technology and processes to prevent adverse impact from the company operations on public health, employee health and the environment;
- By conducting an independent audit function to assure compliance with all applicable laws and regulations in Oman.
- By providing leadership within our business segment to establish effective environmental, safety and occupational health standards.
- Maintaining the health and safety of our employees and eliminating environmental risks to the community provides substantial benefits to everyone associated with Al Mouj Muscat.

Health, safety and protection of the environment will always be primary goals of the company.

Nasser Al Shibani

Chief Executive Officer
